Endoscopy
Research
Foundation

In association with: Deccan Society of GI Endoscopy - DSGE & Gastrointestinal Foundation of Thane GIFT

Endorsed by:

MESSAGE FROM THE COURSE CHAIRMAN

On behalf of the Baldota Institute of Digestive Sciences (BIDS) and the Association of Interventional GI Endoscopy of India (AIGE), it gives me immense pleasure to announce our 21st 'LIVE' Endoscopy course to be held in Mumbai from the 5th to the 7th of January 2018.

It is now a well known fact that GI Endoscopy has evolved from a diagnostic tool into a powerful therapeutic modality. Techniques and technology have changed over the past 6 decades and GI Endoscopy has now become an integral part of practicing the art of medical and surgical gastroenterology.

The theme of this landmark congress will be 'Evolving techniques and technology'. During this 3 day endoscopy festival, we have planned academic sessions on 'Luminal endoscopy', 'Biliary endoscopy', 'Pancreatic endoscopy' and the exciting field of '3rd Space endoscopy'. This will be covered in a series of Keynote lectures, focused and interactive discussions, debates and 'LIVE' procedures.

We have selected a galaxy of international stars in GI Endoscopy along with young and emerging Indian endoscopy experts as faculty for this meeting. I am sure that you will learn the finer aspects of the technique of simple and complex endoscopy procedures from these Masters of GI Endoscopy. You will also witness here how endoscopic technology has evolved over the past few decades and how to make judicious use of it. During the course, you will witness 23 hours of academic sessions which will include Endoscopy updates, State of the art lectures, LIVE demonstrations and Hands-On training sessions.

The congress will be held at a conveniently located Grand Hyatt Hotel in Mumbai where most of the registered delegates will be housed. The 'LIVE' procedures will be beamed from the Baldota Institute of Digestive Sciences (BIDS) at the Global hospital, Mumbai.

I would request you to please send in your registration as soon as possible to avoid disappointment later.

Dr Amit Maydeo, MS, FASGE
Course Chairman

I am sincerely looking forward to welcoming you once again to Mumbai in January 2018 for this very interesting and academic endoscopy festival.

PROGRAM HIGHLIGHTS

- 18 International GI Endoscopy 'Masters'
- Young and emerging Indian endoscopy experts
- 23 hours of 'Hard core' academics
- 70 LIVE endoscopy procedures
- 10 Endoscopy update lectures
- 8 State of the art lectures
- 3 'Hands-On' training suites for continuous training sessions
