

11th Annual Congress of DEST

📍 NTUH International Convention Center

台灣消化系內視鏡醫學會
Digestive Endoscopy Society of Taiwan

JULY
26TH.27TH

Welcome Address

Dear Colleagues and Friends,

On behalf of the Digestive Endoscopy Society of Taiwan (DEST), it is my great pleasure and honor to welcome you to DEST 2025, which will be held on July 26–27, 2025, at the NTUH International Convention Center in Taipei.

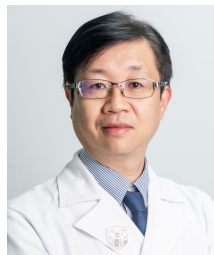

This year's conference is set to offer a rich and forward-looking scientific program, including keynote lectures, live demonstrations, and interactive expert forums. Our sessions will spotlight the latest innovations in digestive endoscopy, with a special focus on early gastrointestinal cancer detection, therapeutic endoscopic techniques, advanced endoscopic ultrasound (EUS), and emerging applications of artificial intelligence in endoscopic practice. These timely and diverse topics reflect DEST's commitment to bridging science and clinical practice in meaningful ways.

DEST 2025 is more than a scientific meeting—it is a platform for collaboration, exchange, inspiration, and networking. We are proud to welcome leading experts, dedicated practitioners, and future leaders from Taiwan and abroad to engage in dialogue and share their insights. We believe this dynamic gathering will not only deepen your clinical expertise but also foster new connections and lasting partnerships.

I wish to express my heartfelt thanks to our society members, the organizing committee, and the industrial partners for the invaluable contributions to this event. Your presence is what makes DEST a truly impactful and inclusive community.

Welcome to DEST 2025. I look forward to seeing you in Taipei for a stimulating and rewarding experience.

Warmest regards,

Sincerely,

Han-Mo Chiu

Han-Mo Chiu, MD, PhD
President
Digestive Endoscopy Society of Taiwan (DEST)

Welcome Address

Dear friends and colleagues,

The Organizing Committee is inviting you to the Annual Meeting of the Digestive Endoscopy Society of Taiwan 2025 (DEST 2025), which will be held at the National Taiwan University Hospital International Convention Center, Taipei on July 26-27, 2025.

The theme of DEST 2025 is "Learning plus Innovation: Strengthening Competent Endoscopy." Proficiency in endoscopy requires meticulous skills and dedicated training. The diversity and complexity of novel endoscopic techniques also necessitate innovative approaches to ensure comprehensive training.

This congress provides an opportunity for endoscopists, nurses, and technicians to exchange knowledge and experiences. Eight working groups in DEST, along with the organizing committee, have scheduled lectures presented by both local and international experts from Japan, Korea, and Thailand. On July 26, MacKay Memorial Hospital and National Taiwan University Hospital will host a live demonstration course. During this live demonstration session, Taiwan's leading endoscopy experts will present advanced techniques, emphasizing on principles, strategies, and practical experience. The conference also includes joint meetings with KSGE and KASID, highlighting strong long-term partnerships and collaboration.

I believe this exciting activity will be inspiring, educational, and enjoyable for members, trainees, and endoscopy staff. I look forward to meeting everyone.

Sincerely,

Ming-Jen Chen

Ming-Jen Chen, M.D., M.M.S
Chairman, DEST 2025
Digestive Endoscopy Society of Taiwan

Organization Committee (sorted by surname)

President	Han-Mo Chiu

大會說明

一、報到：

1. 會員／受訓醫師報到時間及地點：

7月26日（星期六）08:00 至 15:00 台大醫院國際會議中心 3 樓報到處

7月27日（星期日）08:00 至 10:00 台大醫院國際會議中心 3 樓報到處

2. 與會者請務必攜帶本人【身份證或健保卡】親自報到，代理報到恕無法核給教育積分。

3. 7月26日（六）09:30~16:00 之 Live Demo 為本學會受訓醫師入會必要課程，欲取得此課程上課紀錄（參加證明），須攜帶本人身分證至台大醫院國際會議中心 2 樓 -ROOM 201 門口，依規定時間簽到（09:30~09:50）、簽退（16:00~16:10），並全程參與課程（缺一不可），始認列此課程紀錄，參加證明將於會後寄發。

未符合上述規定，恕無法核給課程紀錄及參加證明。

4. 欲參加本大會之非本學會會員／非本學會受訓醫師者，酌收費用 NT\$1,000。

二、繼續教育學分：

台灣消化系內視鏡醫學會：

7月26日 --- A 類 8 學分

7月27日 --- A 類 3 學分

台灣消化系醫學會：

7月26日 --- A 類 6 學分

7月27日 --- A 類 3 學分

台灣內科醫學會：

7月26-27 日 --- B 類 6 分

三、醫療儀器及藥品展示：

時間：7月26日（星期六）08:00 至 7月27日（星期日）11:00 止。

四、午餐：

本次大會不提供午餐，將於 7 月 26 日 12:00~13:20 由 Satellite Symposium 各廠商提供餐盒，數量有限，發完為止。

五、DEST 2025 官網

1. 請連結網址：<http://www.destmeeting.org.tw/>
或以行動裝置掃描 QR-code：

2. 各講題演講摘要，請至” Scientific Program” 點擊” Topic” 即可線上瀏覽。

六、DEST 2025 節目表小手冊、摘要本大手冊

1. 請至本學會網站（<https://www.dest.org.tw/>）→學會文件資料庫→大會手冊，即可下載檔案。
2. 請連結網址：<https://www.dest.org.tw/Data/?Flag=2>
或以行動裝置掃描 QR-code：

A01 GERD and motility symposium: Innovations in endoscopic practice

Date: 08:30-10:10, July 26, 2025

Venue: Room 301, NTUH International Convention Center

Highlights:

The landscape of gastrointestinal disorders, particularly gastroesophageal reflux disease and motility dysfunction, is constantly evolving. This necessitates a continuous pursuit of innovative diagnostic and therapeutic approaches. This perspective outlines the anticipated focus and potential impact of a symposium dedicated to GERD and motility, with a specific emphasis on advancements in endoscopic practice.

Chair: Chien-Lin Chen (Hualien Tzu Chi Hospital)
Ching-Liang Lu (Taipei Veterans General Hospital)

Time	Topic	Speaker
08:30-08:55	Diagnosis of GERD and esophageal motility disorders: The role of endoscopy	Yen-Po Wang Taipei Veterans General Hospital
08:55-09:20	Mucosa integrity and endoflip on endoscopy: Ready for clinical application?	Wei-Yi Lei Hualien Tzu Chi Hospital
09:20-09:45	Update on endoscopy management of GERD and motility disorders	Chien-Chuan Chen National Taiwan University Hospital
09:45-10:10	Modified flexible endoscopic evaluation of swallowing: Insights from gastroenterologists	Wei-Kuo Chang Tri-Service General Hospital

A02 The innovation in gastrointestinal endoscopy

Date: 08:30-10:10, July 26, 2025

Venue: Room 401, NTUH International Convention Center

Highlights:

Gastrointestinal endoscopy has undergone significant advancements, leading to improved diagnostics and treatment for various GI conditions. This field is constantly evolving, with innovations emerging in many areas.

Chair: Chi-Yang Chang (Fu Jen Catholic University Hospital)
Wen-Lun Wang (E-DA Hospital)

Time	Topic	Speaker
08:30-08:55	Current strategies for managing T1 rectal cancer after non-curative endoscopic resection: A path to improved outcomes in Taiwan	Chan-Ya Kuo Fu Jen Catholic University Hospital
08:55-09:20	Enhancing precision in endoscopic submucosal dissection: How red dichromatic imaging works?	Chen-Shuan Chung Far Eastern Memorial Hospital
09:20-09:45	Recent advancements in image-enhanced techniques for endoscopic submucosal dissection	Hsu-Heng Yen Changhua Christian Hospital
09:45-10:10	Endoscopic gastric suturing for treatment of morbid obesity	Yang-Chao Lin Fu Jen Catholic University Hospital

A03 Cutting edge of interventional endoscopy

Date: 08:30-10:10, July 26, 2025

Venue: Room 402, NTUH International Convention Center

Highlights:

- LGI ESD
- UGI ESD
- Diagnosis before ESD
- Management after ESD

Chair: Peng-Jen Chen (Tri-Service General Hospital)

Ching-Tai Lee (E-DA Hospital)

Time	Topic	Speaker
08:30-08:55	Underwater endoscopic submucosal dissection in GI tract	Yu-Chi Li Kaohsiung Chang Gung Memorial Hospital
08:55-09:20	Endoscopic submucosal dissection for duodenal neoplasms	Motohiko Kato Keio University School of Medicine, Japan
09:20-09:45	Clinical application of AI in diagnosis of UGI early neoplastic lesions	Hiroya Ueyama Juntendo University Hospital, Japan
09:45-10:10	Endoscopic background mucosal resurfacing after ESD for esophageal squamous cancer	Ching-Tai Lee E-DA Hospital

A04 Controversies on interventional endoscopy

Date: 10:20-12:00, July 26, 2025

Venue: Room 301, NTUH International Convention Center

Highlights:

- *GIST in Japan*
- *GIST in Taiwan*
- *Complication management*
- *Ethical aspects*

Chair: Yin-Yi Chu (New Taipei Municipal TuCheng Hospital)

Ching-Liang Lu (Taipei Veterans General Hospital)

Time	Topic	Speaker
10:20-10:45	Current status of endoscopic resection for gastric GIST in Japan	Noriya Uedo Osaka International Cancer Institute, Japan
10:45-11:10	Current status of endoscopic resection for gastric GIST in Taiwan	Tze-Yu Shieh MacKay Memorial Hospital
11:10-11:35	Updates on endoscopic suturing and clipping methods	Chu-Kuang Chou Chia-Yi Christian Hospital
11:35-12:00	Ethical and legal issues of GI interventional endoscopy (中文)	Chun-Ying Wu Taipei Veterans General Hospital

DEST-KSGE Joint Symposium Challenging ESD and TSE

Date: 10:20-12:00, July 26, 2025

Venue: Room 401, NTUH International Convention Center

Time	Topic	Learning objectives	Speaker	Moderator
10:20-10:25	Welcome address		Han-Mo Chiu President, Digestive Endoscopy Society of Taiwan	
	Opening Remarks		Cheng-Tang Chiu Chang Gung Memorial Hospital, Linkou	
10:25-10:40	Endoscopic management of SNADETs: EMR or ESD?	<ul style="list-style-type: none"> Epidemiologic trends of superficial non-ampullary duodenal epithelial tumors (SNADETs) Outcomes of EMR and ESD for SNADETs Pros and cons of EMR vs ESD 	Gwang Ha Kim Pusan National University School of Medicine, Korea	Cheng-Tang Chiu Chang Gung Memorial Hospital, Linkou Jong-Jae Park Korea University Guro Hospital, Korea
10:40-10:55	Improvements in wound closure techniques following ER	<ul style="list-style-type: none"> Advancements in endoscopic resection (ER) techniques Importance of wound closure after ER Wound closure techniques 	Chih-Chien Yao Kaohsiung Chang Gung Memorial Hospital	
10:55-11:10	Discussion		Discussants: KSGE--- 1. Hyun Soo Kim Chonnam National University Hospital, Korea 2. Byung Wook Kim The Catholic University of Korea Incheon ST. Mary's Hospital, Korea DEST--- 1. Chih-Chien Yao Kaohsiung Chang Gung Memorial Hospital 2. Wen-Hung Hsu Kaohsiung Medical University Hospital	

Time	Topic	Learning objectives	Speaker	Moderator
11:10-11:25	Applications of TSE in GI motility disorders	<ul style="list-style-type: none"> • Introduction of third space endoscopy (TSE) • E-POEM • G-POEM 	Chen-Shuan Chung Far Eastern Memorial Hospital	Chun-Chao Chang Taipei Medical University Hospital Sung Soo Kim Catholic University, Korea
11:25-11:40	Exploring the expanded indications of POEM technique	<ul style="list-style-type: none"> • Z-POEM (Zencker's diverticulum) • D-POEM (epiphrenic diverticulum) • Per-rectal endoscopic myotomy (PREM) 	Hyunsoo Chung Seoul National University, Korea	
11:40-11:55	Discussion		Discussants: KSGE--- 1. Young Sook Park Nowon Eulji University Hospital, Korea 2. Tae Ho Kim The Catholic University of Korea, Bucheon ST. Mary's Hospital, Korea DEST--- 1. Chen-Shuan Chung Far Eastern Memorial Hospital 2. Bo-Huan Chen Chang Gung Memorial Hospital, Linkou	
11:55-12:00	Closing		Jong-Jae Park Korea University Guro Hospital, Korea	

A05 Management of T1 CRC: The emerging challenge of endoscopists in mass screening era

Date: 10:20-12:00, July 26, 2025

Venue: Room 402, NTUH International Convention Center

Highlights:

This session will explore the evolving challenges in managing T1 CRC, particularly in the era of mass screening, where early detection is more frequent but treatment decisions remain complex. Experts will discuss current endoscopic treatment strategies, the potential role of PAEM in deep invasive rectal cancer, and liquid biopsy for precision treatment and surveillance. In addition, the session will address the complexities of managing T1 CRC in the elderly.

Chair: Hiroshi Kashida (Kawanishi City Medical Center, Japan)
Han-Mo Chiu (National Taiwan University Hospital)

Time	Topic	Speaker
10:20-10:45	Endoscopic treatment for T1 CRC: Where are we now?	Wei-Yuan Chang National Taiwan University Cancer Center
10:45-11:10	PAEM: Is it prime time for treating deep invasive T1 rectal cancers?	Toshio Uraoka Gunma University, Japan
11:10-11:35	Liquid biopsy for precision treatment and surveillance of T1 CRC	Li-Chun Chang National Taiwan University Hospital
11:35-12:00	Treatment of T1 CRC in the elderly: An emerging challenge in aging population	Chung-Ying Lee Taipei Medical University Shuang-Ho Hospital

A06 LGI debate session: FIT or direct colonoscopy for CRC screening?

Date: 13:30-15:10, July 26, 2025

Venue: Room 301, NTUH International Convention Center

Highlights:

This debate session will examine the optimal approach to CRC screening, weighing the benefits of FIT-based screening versus direct colonoscopy. Experts will present a global perspective on CRC screening trends, followed by a discussion on whether Taiwan's affordable colonoscopy warrants primary colonoscopic screening or whether FIT remains the more cost-effective option. The feasibility of direct colonoscopy in an aging population will also be explored. This session aims to provide insights into balancing cost, effectiveness, and practicality in CRC screening strategies.

Chair: Takahisa Matsuda (Toho University, Japan)

Han-Mo Chiu (National Taiwan University Hospital)

Time	Topic	Speaker
13:30-13:55	Current trends in CRC screening: A global perspective	Chiu-Wen Su National Taiwan University Taiwan CRC Screening Program
13:55-14:20	"We have a cheap colonoscopy": Reducing both mortality and incidence	Takahisa Matsuda Toho University, Japan
14:20-14:45	Does it FIT our demand?: Balancing cost and effectiveness by FIT screening	Wen-Feng Hsu National Taiwan University Hospital
14:45-15:10	Does cheap colonoscopy justify primary colonoscopic screening in Taiwan? - Exploring the feasibility in aging Taiwan	Yu-Min Lin Shin Kong Wu Ho-Su Memorial Hospital

DEST-KASID Joint Symposium

Revolutionizing IBD care: Innovation, integration, and future directions

Date: 13:30-15:10, July 26, 2025

Venue: Room 401, NTUH International Convention Center

Highlights:

The DEST-KASID Joint Symposium explores microbiota-based therapies, AI in IBD care, management of intestinal fibrosis, and holistic care through Centers of Excellence, fostering innovation and collaboration to advance IBD treatment and outcomes.

Time	Topic	Speaker	Moderator
13:30-13:35	Welcome address	Han-Mo Chiu President, Digestive Endoscopy Society of Taiwan	Cheng-Tang Chiu Chang Gung Memorial Hospital, Linkou Tae Il Kim Yonsei University College of Medicine, Korea
	Opening	Chao-Hung Kuo Kaohsiung Medical University Hospital	
13:35-13:50	Microbiota-based therapies: Shaping the future of IBD treatment	Jae Hee Cheon Yonsei University, Korea	
13:50-14:05	Artificial intelligence in IBD care: The future is now	Tien-Yu Huang Tri-Service General Hospital	
14:05-14:20	Discussion	Discussants: KASID--- 1. Byong Duk Ye Asan Medical Center, Korea 2. Jeong Sik Byeon Asan Medical Center, Korea DEST--- 1. Deng-Chyang Wu Kaohsiung Medical University Hospital 2. Chiao-Hsiung Chuang National Cheng Kung University Hospital	

Time	Topic	Speaker	Moderator
14:20-14:35	The treatment of hope: Managing IBD-related intestinal fibrosis	Chiao-Hsiung Chuang National Cheng Kung University Hospital	Jiing-Chyuan Luo Taipei Veterans General Hospital Jeong Sik Byeon Asan Medical Center, Korea
14:35-14:50	Centers of excellence: Holistic IBD care for a better tomorrow	Byong Duk Ye Asan Medical Center, Korea	
14:50-15:05	Discussion	Discussants: KASID--- 1. Jeong-Sik Byeon Asan Medical Center, Korea 2. Jae Hee Cheon Yonsei University, Korea DEST--- 1. Tien-Yu Huang Tri-Service General Hospital 2. Pao-Hsien Le Chang Gung Memorial Hospital, Linkou	
15:05-15:10	Closing	Tae Il Kim Yonsei University College of Medicine, Korea	

A07 Update of endoscopic treatment in malignant hilar biliary obstruction (MHBO)

Date: 13:30-15:10, July 26, 2025

Venue: Room 402, NTUH International Convention Center

Highlights:

Endoscopic stenting is key for unresectable malignant hilar biliary obstruction (MHBO), but stent occlusion and cholangitis remain challenges. Future advancements include improved stents, advanced imaging, combination therapies (chemo/radio/PDT), and AI. These aim to improve stent patency, reduce complications, and enhance quality of life and potentially survival for MHBO patients.

Chair: Chiung-Yu Chen (National Cheng Kung University Hospital)
Nai-Jen Liu (Chang Gung Memorial Hospital, Linkou)

Time	Topic	Speaker
13:30-13:55	Diagnosis and tissue acquisition for MHBO	Yu-Ting Kuo National Taiwan University Hospital
13:55-14:20	Pre-OP evaluation and drainage policy for MHBO	Ming-Chang Tsai Chung Shan Medical University Hospital
14:20-14:45	Technical tips and tricks in biliary stenting for MHBO	Cheuk-Kay Sun Shin Kong Wu Ho-Su Memorial Hospital
14:45-15:10	Endoscopic drainage in MHBO patients with longer survival	Rungsun Rerknimitr Chulalongkorn University, Thailand

A08 Controversy of pancreatic ductal adenocarcinoma: An endoscopist's viewpoint

Date: 15:20-17:00, July 26, 2025

Venue: Room 301, NTUH International Convention Center

Highlights:

1. To learn the updated diagnosis for pancreatic cancer.
2. NGS for pancreatic cancer.

Chair: Chien-Hua Chen (Show Chwan Memorial Hospital)

Chang-Shyue Yang (En Chu Kong Hospital)

Time	Topic	Speaker
15:20-15:45	Early diagnosis of pancreatic cancer: Is it time for screening?	Wei-Chih Liao National Taiwan University Hospital
15:45-16:10	Bridging for radiotherapy: Metallic or plastic stent for obstructive jaundice?	Kuei-Chuan Lee Taipei Veterans General Hospital
16:10-16:35	Biopsy for resectable pancreatic tumor?	Meng-Shun Sun Yuan's General Hospital
16:35-17:00	Liquid or tumor biopsy for next generation sequencing: How much is enough?	Tsu-Yao Cheng National Taiwan University Hospital

A09 Microbiota-based therapeutics: Unlocking the future of precision medicine

Date: 15:20-17:00, July 26, 2025

Venue: Room 401, NTUH International Convention Center

Highlights:

This symposium aims to highlight cutting-edge advancements from fecal microbiota transplantation to next-generation therapeutics, and to foster interdisciplinary collaboration for addressing current challenges and seizing future opportunities in microbiota science and its clinical applications.

Chair: Chia-Long Lee (Cathay General Hospital)

Deng-Chyang Wu (Kaohsiung Medical University Hospital)

Time	Topic	Speaker
15:20-15:45	Microbiota as medicine: From FMT to next-generation therapeutics	Puo-Hsien Le Chang Gung Memorial Hospital, Linkou
15:45-16:10	Fueling the microbiome: The role of prebiotics in health and disease	Chien-Chi Chen Food Industry Research and Development Institute
16:10-16:35	Probiotics in precision medicine: Beyond the basics	Hsin-Chih Lai Revivebio Biotechnology company
16:35-17:00	The future of microbiota therapeutics: Challenges and opportunities	Cheng-Hsun Chiu Chang Gung Memorial Hospital, Linkou

A10 Endoscopic practice in primary care setting

Entrepreneur: beyond daily practice of endoscopy

Date: 15:20-17:00, July 26, 2025

Venue: Room 402, NTUH International Convention Center

Time	Topic	Speaker	Moderator
15:20-15:25	Opening remark	Hsih-Hsi Wang e-com clinic	
15:25-15:50	AI meets medicine: How artificial intelligence enhances medical expertise	Chien-Chung Liao Liao Clinic	Wen-Ching Lee Ju Da Union Clinic
15:50-15:55	Discussion		
15:55-16:20	Beyond routine endoscopy: Is EBMT a worthy investment?	Yang-Chao Lin Youth Time Clinic	Li-Jung Tseng Tseng Li Jung Medical Clinic
16:20-16:25	Discussion		
16:25-16:50	Unleash doctors: To eliminate patient risks from documentation errors.	Wade Liao MIT Sloan School MBA	Yen-Gen Chang Everhealth Clinic
16:50-16:55	Discussion		
16:55-17:00	Closing remark	Li-Ying Chang Lynn’s Clinic	

Video Contest (Part A)

Date: 08:30-09:54, July 26, 2025

Venue: Room 202, NTUH International Convention Center

Juror *Cheng-Hsin Chu SL Longevity Clinic
 Yen-Chun Peng Taichung Veterans General Hospital
 Tze-Sian Chan Taipei Municipal Wanfang Hospital

No.	Time	Presenter	Affiliation	Topic
A01	08:30 08:42	Chi-Huan Wu	Chang Gung Memorial Hospital, Linkou	Endoscopic ultrasound-guided gastroenterostomy for afferent loop syndrome using a forward-viewing echo-endoscope and insertion of a lumen-apposing metal stent
A02	08:42 08:54	Kuan-Hui Wu	Shin-Kong Wu Ho-Su Memorial Hospital	Antegrade Transenteric Pancreaticogastrostomy for Pancreatic Duct Stone Removal in a Patient with Prior Whipple Procedure
A03	08:54 09:06	Yi-Lin Lin	Taipei Tzu-Chi Hospital	Duodenal cancer with malignant biliary and gastric outlet obstruction relieved by EUS/HGS and duodenal SEMS
A04	09:06 09:18	Hsiao-Sheng Lu	Taipei Veterans General Hospital	EUS guided shear wave elastography
A05	09:18 09:30	Ju-Yung Tso	MacKay Memorial Hospital	Percutaneous Cholangioscopy-Guided EHL for Refractory IHD Stones via PTCD Tract
A06	09:30 09:42	Cheng-Hao Wu	Taichung Veterans General Hospital	Difficult cannulated CBD stone in a BII Patient
A07	09:42 09:54	Chia-Jui Li	Shin-Kong Wu Ho-Su Memorial Hospital	The First Documented Report of Placing 3 Colonic Stents + EUS-GE In 1 Sessions
	09:54 10:20	Break		

Video Contest (Part B)

Date: 10:20-11:44, July 26, 2025

Venue: Room 202, NTUH International Convention Center

Juror *Jeng-Yih Wu Kaohsiung Medical University Hospital
 Chia-Yuan Liu MacKay Memorial Hospital
 Feng-Woei Tsay Kaohsiung Veterans General Hospital

No.	Time	Presenter	Affiliation	Topic
B01	10:20 10:32	Chen-Huan Yu	Far Eastern Memorial Hospital	Application of Red Dichromatic Imaging in Peroral Endoscopic Myotomy for a Patient with Achalasia Complicated with Esophageal Varices
B02	10:32 10:44	Chun-Sheng Shen	Kaohsiung Municipal Siaogang Hospital	iESG plus GFMA: A Hybrid Endoscopic Approach to Obesity
B03	10:44 10:56	Yu-Lin Chen	China Medical University Hospital	Endoscopic Closure of Duodenal Perforation Using X-tack Endoscopic HeliX Tacking System
B04	10:56 11:08	Pei-Huan Ho	Chang Gung Memorial Hospital, Linkou	EUS-guided coil & gelfoam implantation for gastric varices
B05	11:08 11:20	Song-Wei Wang	Kaohsiung Medical University Chung-Ho Memorial Hospital	PJ polyps with complicate intussusception reduction by Double-balloon Enteroscopy
B06	11:20 11:32	Wei-Wei Lee	Far Eastern Memorial Hospital	Submucosal Tunneling Endoscopic Resection for a Rare Enlarging Esophageal Schwannoma Abutting Aorta
B07	11:32 11:44	Yuan-Sheng Chang	Kaohsiung Chang Gung Memorial Hospital	Endoloop with clips in closure of mucosal defect using single-channel endoscopy

Chairman speech & Keynote lecture

Date: July 27, 2025

Venue: Room 201, NTUH International Convention Center

Time	Topic	Speaker	Moderator
08:20-09:00	KL1 Keynote lecture (I) The importance of live endoscopy and hands-on training; My long journey around the world	Hiroshi Kashida Kawanishi City Medical Center, Japan	Ming-Jen Chen MacKay Memorial Hospital
09:00-09:40	KL2 Keynote lecture (II) Advancing the endoscopic diagnosis and treatment of early-stage colorectal neoplasms through learning and innovation.	Takahisa Matsuda Toho University, Japan	Cheng-Tang Chiu Chang Gung Memorial Hospital, Linkou
09:40-10:20	CS1 Chairman speech Simulate to elevate: The application of simulation training and implementation challenges	Ming-Jen Chen MacKay Memorial Hospital	Shou-Chuan Shih MacKay Memorial Hospital
10:20-10:40	Break		
10:40-11:20	KL3 Keynote lecture (III) Endoscopic full thickness resection: The innovative strategy	Noriya Uedo Osaka International Cancer Institute, Japan	Chun-Chao Chang Taipei Medical University Hospital
11:20-12:00	KL4 Keynote lecture (IV) Endoscopic resection for rectal tumors: Cutting-edge advances and future perspectives	Toshio Uraoka Gunma University, Japan	Han-Mo Chiu National Taiwan University Hospital

A11 Survival prolongation and life quality improvement of oncological patients – Role of interventional EUS

Date: 08:20-09:40, July 27, 2025

Venue: Room 401, NTUH International Convention Center

Highlights:

Interventional endoscopic ultrasound (EUS) is a minimally invasive procedure that can improve survival and quality of life for cancer patients. It is used to diagnose and stage cancers, as well as for endoscopic management, such as EUS-guided drainage of fluid collections and stent placement to relieve blockages.

Chair: Wen-Hsiung Chang (MacKay Memorial Hospital)

Hsiu-Po Wang (National Taiwan University Hospital)

Time	Topic	Speaker
08:20-08:40	How does EUS-BD change the management of oncological patients ?	Chia-Hsien Wu Taitung MacKay Memorial Hospital
08:40-09:00	How far to go - the role of EUS guided tumor ablation for the metastatic hepatic malignancy	Jiann-Hwa Chen Taipei Tzu Chi Hospital
09:00-09:20	Whether the oncological patients can benefit from EUS-GJ ?	Yu-Ting Kuo National Taiwan University Hospital
09:20-09:40	Can EUS guided RFA facilitate treatment efficacy for inoperable pancreatic cancer patients ?	Meng-Ying Lin National Cheng Kung University Hospital

A12 Advancing frontiers in small intestinal diseases: Cutting-edge diagnosis, innovative endoscopy, and treatment breakthroughs

Date: 10:40-12:00, July 27, 2025

Venue: Room 401, NTUH International Convention Center

Highlights:

The conference aims to showcase the latest advancements in small intestinal diseases, covering cutting-edge guidelines, diagnostic innovations, and breakthroughs in endoscopy. Through expert-led sessions and discussions, the event seeks to enhance clinical practice and advance patient care.

Chair: Kuan-Yang Chen (Taipei City Hospital)

Chao-Hung Kuo (Kaohsiung Medical University Hospital)

Time	Topic	Speaker
10:40-11:00	Cutting-edge guidelines for managing small intestinal bleeding: A new era in treatment	Chia-Jung Kuo Chang Gung Memorial Hospital, Linkou
11:00-11:20	Unraveling the mysteries of small intestinal ulcers: Diagnostic innovations	Chen-Wang Chang MacKay Memorial Hospital
11:20-11:40	Mastering small intestinal endoscopy: Comprehensive management of complications	Jen-Wei Chou China Medical University Hospital
11:40-12:00	Future horizons in small intestinal endoscopy: Innovations and beyond	Tien-Yu Huang Tri-Service General Hospital

B01 技術師課程

2025 內視鏡中心的永續經營

Date: 09:00-10:40, July 27, 2025

Venue: Room 301, NTUH International Convention Center

Time	Topic	Speaker	Moderator
09:00-09:05	Opening	陳鵬仁 三軍總醫院	
09:05-09:25	內視鏡護理的教育與訓練： 專業能力培訓與傳承	溫明珠 中國醫藥大學附設醫院	張經緯 馬偕紀念醫院
09:25-09:45	科技創新與永續性： 數位化在內視鏡中心管理的應用	許芳瑜 林口長庚紀念醫院	陳淑慧 彰化基督教醫院
09:45-10:05	內視鏡中心的永續實踐： 一次性器械與永續發展的兩難	蕭中慧 義大醫院	汪奇志 中山醫學大學附設醫院
10:05-10:25	內視鏡中心財務永續性： 兼顧成本效益與品質	周素勤 高雄長庚紀念醫院	王宜民 高雄榮民總醫院
10:25-10:35	討論	All speakers	
10:35-10:40	Closing	顏旭亨 彰化基督教醫院	

S1 Satellite – Yuan Yu

Date: 12:00-13:20, July 26, 2025

Venue: Room 201, NTUH International Convention Center

Time	Topic	Speaker	Moderator
12:00-12:05	Opening		Ming-Chih Hou Taipei Veterans General Hospital
12:05-12:25	The Safest Way to Begin ESD: A Practical Guide for Young Endoscopists	Kouichi Nonaka Tokyo Women's Medical University, Japan	Ming-Chih Hou Taipei Veterans General Hospital
12:25-12:30	Q&A		
12:30-12:50	The Performance of X1 System in Colonoscopy	Hiroshi Kashida Kawanishi City Medical Center, Japan	Ming-Jen Chen MacKay Memorial Hospital
12:50-12:55	Q&A		
12:55-13:15	Brining Endoscopic Practice to the next standard: Mastering IEE with EVIS X1 Series	Toshio Uraoka Gunma University, Japan	Chi-Yang Chang Fu Jen Catholic University Hospital
13:15-13:20	Q&A Closing		Chi-Yang Chang Fu Jen Catholic University Hospital

S2 Satellite – Boston

Unlocking Precision in Pancreatobiliary Care: Advancing Diagnosis and Surgical Strategy through SpyMapping™ Innovation

Date: 12:00-13:20, July 26, 2025

Venue: Room 301, NTUH International Convention Center

Time	Topic	Speaker	Moderator
12:00-12:35	SpyMapping Utilizing Spybite MAX	Takeshi Ogura Osaka Medical and Pharmaceutical University Hospital, Japan	Wen-Hsin Huang China Medical University Hospital
12:35-13:10	Benefits for Surgeons with Cholangioscopic Diagnosis: Enhanced Visualization and Accurate Staging	Kuan-Chih Chen Far Eastern Memorial Hospital	Yi-Chun Chiu Kaohsiung Chang Gung Memorial Hospital
13:10-13:20	Q&A Discussion		

S3 Satellite – Era Biotech

The power of water

Date: 12:00-13:20, July 26, 2025

Venue: Room 401, NTUH International Convention Center

Time	Topic	Speaker	Moderator
12:00-12:30	Clinical experience of the underwater platform in colorectal ESD	Chung-Ying Lee Taipei Medical University Shuang-Ho Hospital	Chun-Chao Chang Taipei Medical University Hospital
12:30-12:40	Q & A Discussion		
12:40-13:10	Underwater ESD with Erbe technology: Hybridknife Flex and EIP2	Stephen Kin-Kwok Tsao Chairman Of APDW 2025	Jong-Jae Park President Of KSGE
13:10-13:20	Q & A Discussion		

S4 Satellite – AbbVie

Get It Right from the Start in IBD Care

Date: 12:00-13:20, July 26, 2025

Venue: Room 202, NTUH International Convention Center

Time	Topic	Speaker	Moderator
12:00-12:05	Welcome & Introduction		Cheng-Tang Chiu Chang Gung Memorial Hospital, Linkou
12:05-12:35	Shining the Light on IBD Control: Treating Inflammation to Optimize Long-term Patient Outcomes	Chia-Jung Kuo Chang Gung Memorial Hospital, Linkou	Cheng-Tang Chiu Chang Gung Memorial Hospital, Linkou
12:35-13:05	Spotlight on JAK Inhibitors in IBD: Interpreting Clinical Data to Inform Personalizing Therapy	Byong Duk Ye Asan Medical Center Univ. Of Ulsan College Of Medicine, Korea	Jen-Wei Chou China Medical Univ. Hospital
13:05-13:15	Panel Discussion	Chia-Jung Kuo Chang Gung Memorial Hospital, Linkou Byong Duk Ye Asan Medical Center Univ. Of Ulsan College Of Medicine, Korea	Cheng-Tang Chiu Chang Gung Memorial Hospital, Linkou Jen-Wei Chou China Medical Univ. Hospital
13:15-13:20	Summary & Close		Jen-Wei Chou China Medical Univ. Hospital

S5 Satellite – ZEON MEDICAL INC.

Clinical Usefulness of the S-O Clip

Date: 12:00-13:20, July 26, 2025

Venue: Room 203, NTUH International Convention Center

Time	Topic	Speaker	Moderator
12:00-12:05	Opening	Han-Mo Chiu National Taiwan University Hospital	
12:05-12:30	The usefulness of the SO Clip in ESD	Naoto Sakamoto Sakamoto Clinic, Japan	Han-Mo Chiu National Taiwan University Hospital
12:30-12:35	Discussion		
12:35-13:00	How to apply the SO Clip in the ESD procedures	Wei-Yuan Chang National Taiwan University Hospital	Chu-Kuang Chou Chia-Yi Christian Hospital
13:00-13:10	Discussion		
13:10-13:15	Closing	Han-Mo Chiu National Taiwan University Hospital	

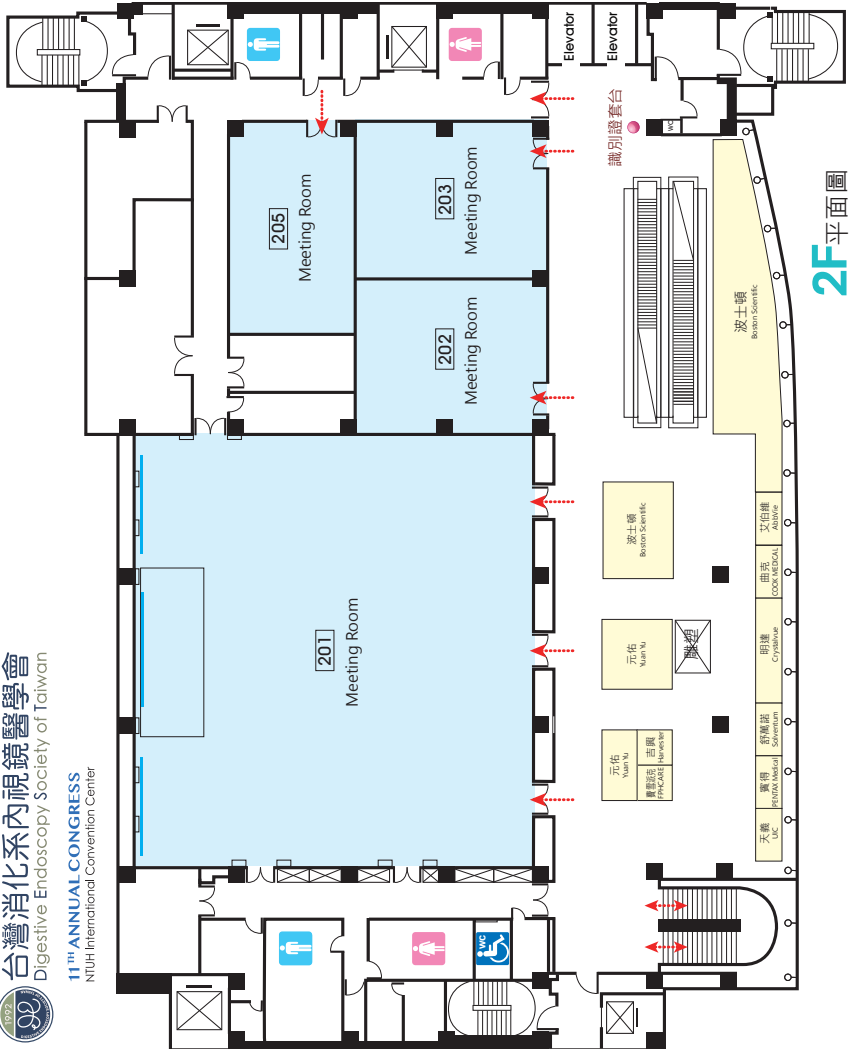

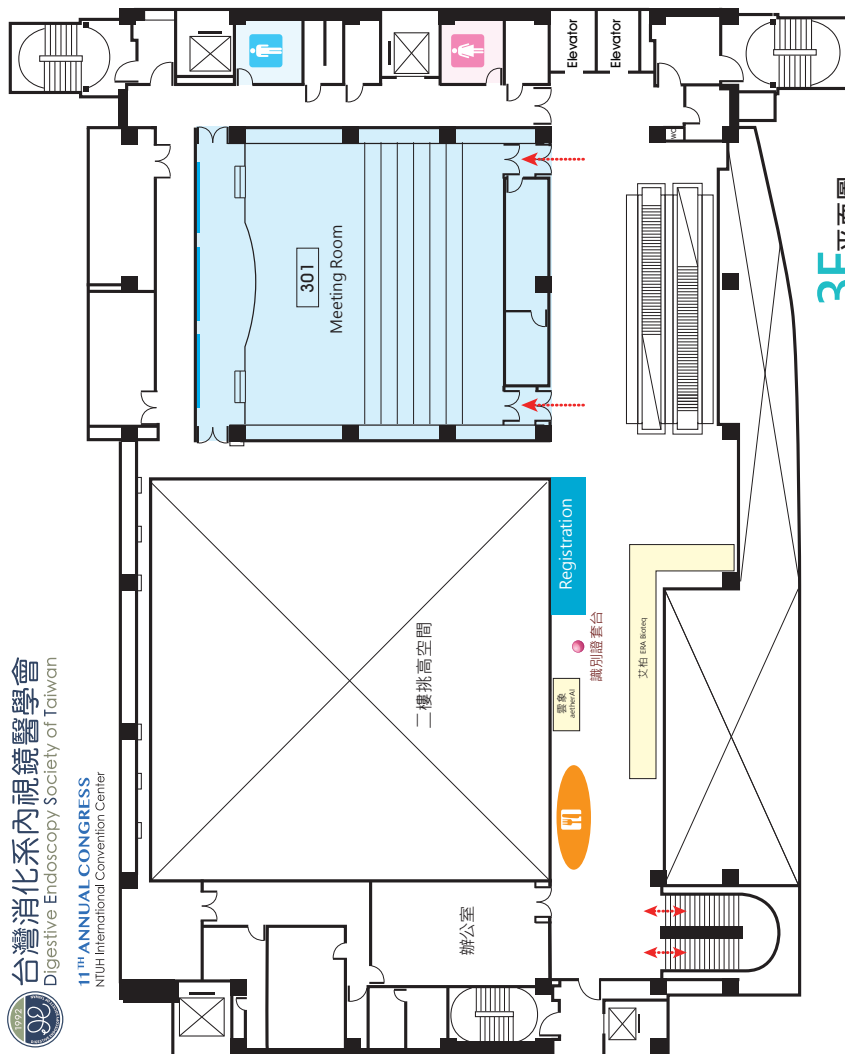

S6 Satellite --- FUJIFILM Healthcare Taiwan

Date: 12:00-13:20, July 26, 2025

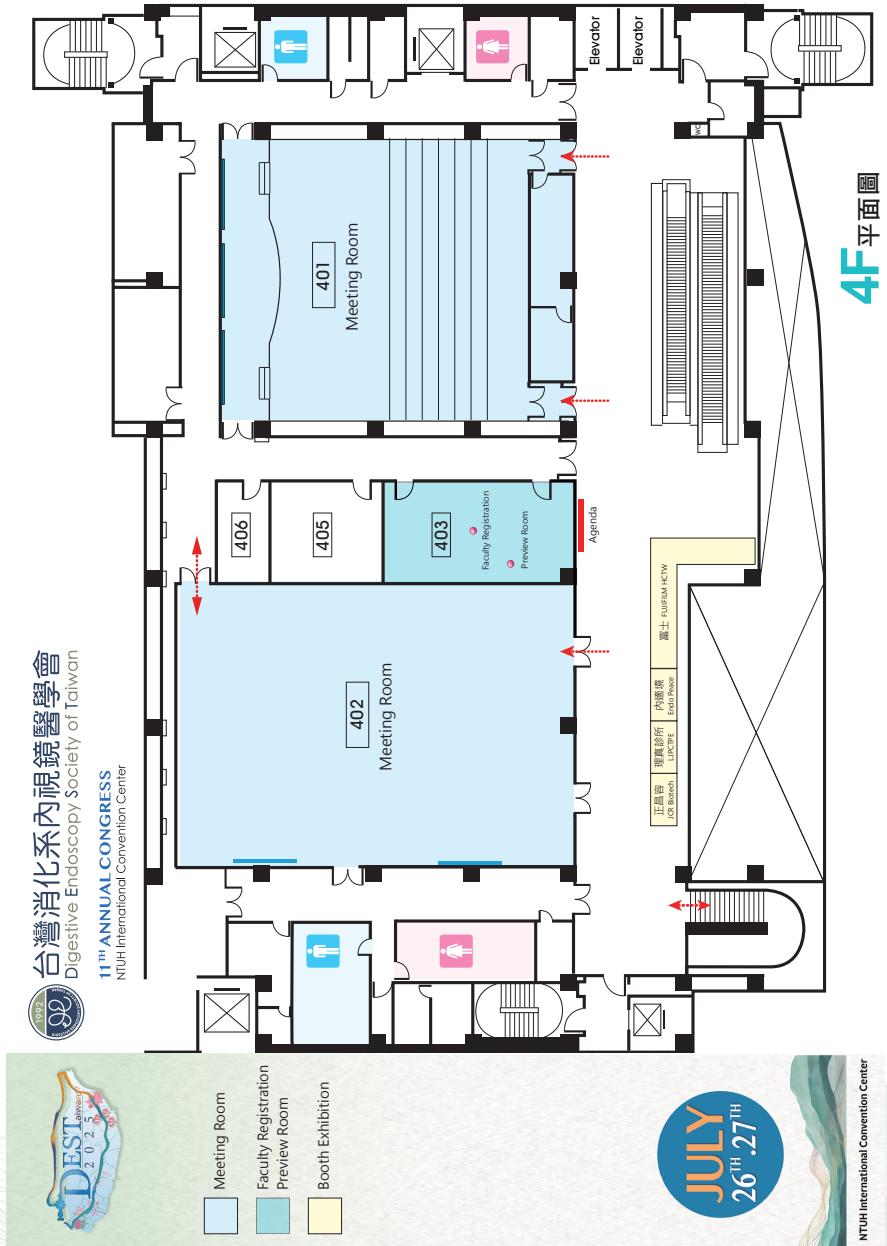

Venue: Room 205, NTUH International Convention Center

Time	Topic	Speaker	Moderator
12:00-12:05	Opening	Jeng-Yih Wu Kaohsiung Medical University Chung-Ho Memorial Hospital	
12:05-12:35	Recent Advances in Esophageal ESD for Esophageal Neoplasia	Wei-Chen Tai Kaohsiung Chang Gung Memorial Hospital	Jeng-Yih Wu Kaohsiung Medical University Chung-Ho Memorial Hospital
12:35-12:40	Q&A		
12:40-13:10	Cutting Edge of FUJIFILM Interventional Endoscopy	Motohiko Kato Keio University School of Medicine, Japan	Chen-Shuan Chung Far Eastern Memorial Hospital
13:10-13:15	Q&A		
13:15-13:20	Closing	Chen-Shuan Chung Far Eastern Memorial Hospital
