Venue

Hyderabad International Convention Centre (HICC),
HITEC City, Madhapur, Hyderabad.

18 CME Credit Hours

Asian Institute of Gastroenterology

Endorsed by

American Society for
Gastrointestinal Endoscopy

European Society of
Gastrointestinal Endoscopy

World Endoscopy
Organization

Message

Dear Colleagues,

Gastrointestinal Endoscopy has revolutionized the diagnosis and management of many gastrointestinal diseases. This field continues to evolve and hitherto unreachable frontiers are now being crossed.

The 15th International Workshop of GI Endoscopy organized by Asian Institute of Gastroenterology is being held at HICC (Hyderabad International Convention Centre), Hyderabad on 28 February, 1-2 March 2014. This workshop would focus both on the established and the newer endoscopy techniques. The workshop includes over 45 live procedures transmitted from AIG to HICC, orations and keynote lectures on current important issues in Gastroenterology. A Post Graduate Course with American Society of Gastrointestinal Endoscopy (ASGE) is being organized on the Complications of Endoscopy. An intimate interaction with the masters as well as hands-on industry workshop are the other highlights of the programme. This conference will benefit Gastroenterologists, Post Graduates, Physicians and Surgeons interested in Gastrointestinal diseases. A special session will showcase advances in Basic Sciences Translating into Endoscopic Therapy.

An academic feast and the legendary Hyderabad hospitality awaits you as we look forward to your active participation in the workshop.

Team AIG

International Faculty

Guido Costamagna

Kenneth Wang

Robert Hawes

Horst Neuhaus

Gregory B Haber

Jacques Deviere

Prateek Sharma
