

19th EUS and 16th Early GI Cancer Conference of Taiwan

Date: 08:50~15:50, Dec 21, 2014

Venue: National Taiwan University College of Medicine(101)

Time	Topic	Speaker	Chairman
08:30~08:50	Registration		
08:50~09:00	Opening	President Hsiu-Po Wang	
09:00~09:30	Special lecture: The Japanese way of training endoscopic observation and diagnosis of early gastric cancer	Kenjiro Yasuda	Lein-Ray Mo
Session I	Upper GI		
09:30~09:50	Very minute gastric cancer	Shoko Fujiwara	Ming-Chih Hou Wei-Kuo Chang Chi-Yang Chang
09:50~10:10	Compare ESD and RFA in early long-segment esophageal neoplasm	Wen-Lun Wang	
10:10~10:30	Current NBI classification of esophageal cancer	Ping-Hsin Hsieh	
10:30~10:50	Barrett’s esophagus	Rajvinder Singh	
10:50~11:00	Coffee break		

Session II	Lower GI		
11:00~11:20	Should lateral spreading tumors granular type be resected en bloc in endoscopic resections	Kenichiro Imai	Chun-Chao Chang
11:20~11:40	The clinical significance of colonic serrated adenoma	Chia-Hung Tu	
11:40~12:00	The application of water exchange method in colonoscopy	Yu-Hsi Hsieh	
12:00~12:20	Difficult colonic ESD case sharing -1	Chen-Jung Chang	Chun-Che Lin Peng-Jen Chen
12:20~12:40	Difficult colonic ESD case sharing -2	Hsi-Yuan Chien	
12:40~13:30	Lunch		
Session III	Biliary-pancreas		
13:30~13:50	A special biliary neoplasm -IPMB	Hiroyuki Isayama	Kenjiro Yasuda Chien-Hua Chen
13:50~14:10	How to manage mild dilation of pancreatic duct with elevated CA199	Masayuki Kitano	
Session IV	EUS		
14:10~14:30	Update of EUS elastography and contrast EUS	Masayuki Kitano	Hong-Zen Yeh Chun-Jung Lin Meng-Shun Sun
14:30~14:50	Endoscopic dissection for early gastric cancer with ulcerous change, and evaluation with endoscopic ultrasonography	Yuki Maeda	
14:50~15:10	The application of EUS in the diagnosis of early GI tract cancer	Yen-Chih Lin	
15:10~15:20	Closing	Cheng-Tang Chiu
