www.endo2020.org

Organizers

HOST WEO, WORLD ENDOSCOPY ORGANIZATION

The World Endoscopy Organization, WEO, is the host and responsible for the overall planning and implementation of ENDO 2020. WEO was established in 1962 during the World Congress of Gastroenterology in Munich, Germany. Since then it has led the promotion of high standards and quality in endoscopy worldwide through enhancing international cooperation and access to training and education. WEO is a non-profit umbrella organization covering 3 geographical zones: Asia-Pacific (A-PSDE), Europe/Mediterranean (ESGE) and the Americas (SIED). As part of its goals, WEO develops projects and educational activities that can be adapted to local needs. Some relevant programs are Video Capsule Endoscopy training (VCE), Program for Endoscopic Teachers (PET), Advanced Diagnosis Endoscopy Course (ADEC) and the recently launched WEO International School of EUS (WISE). WEO opened its doors in 2018 to individual members, who can now access a global network of specialists.

CO-HOST SOBED, SOCIEDADE BRASILEIRA DE ENDOSCOPIA DIGESTIVA

Based on a history of achievements and advances in Brazilian digestive endoscopy, SOBED is a national entity that represents more than two thousand members. Responsible for promoting the development of teaching, research and practice of digestive endoscopy, SOBED is in charge of establishing the standards in the field. The organization also promotes regional, national and international events that foster professional innovation and enhance scientific, cultural and social interaction among specialists. SOBED is represented within almost all Brazilian territory. With presence throughout the five regions of the country, all 24 local units work according to the guidelines of SOBED's statutes for the improvement of national digestive endoscopy.

IN COLLABORATION WITH SIED, INTERAMERICAN SOCIETY OF DIGESTIVE ENDOSCOPY

The Interamerican Society of Digestive Endoscopy, SIED is an umbrella society that encompasses the Digestive Endoscopy Society of the Americas. Since 1973 SIED has steadily increased its role in the promotion of endoscopy through the three Americas. SIED has been working in the promotion and development of teaching, research and practice of digestive endoscopy, hosting the Pan-American Congress of Endoscopy every other year. The organization also promotes professional innovation and enhance scientific, cultural and social interaction among specialists within the Americas and worldwide. For SIED and all its supporting societies, it is a pleasure and an honor that ENDO 2020 will be held in Latin America. This will be a unique opportunity to bring the world of endoscopy together.

INTERNATIONAL SCIENTIFIC SUPPORTERS

LOCAL SUPPORTERS

- Federación Argentina de Asociaciones de Endoscopia (FAAED)
- Sociedad Chilena de Gastroenterología (SCHGE)
- Asociación Colombiana de Endoscopia Digestiva (ACED)
- Asociación Mexicana de Endoscopia Gastrointestinal (AMEG)
- Asociación Panameña de Gastroenterología y Endoscopia Digestiva
- Sociedad Uruguaya de Endoscopia Digestiva (SUED)
- Sociedad Ecuatoriana de Endoscopia Digestiva (SOCENDI)
- Sociedad Ecuatoriana de Gastroenterología (SEG)

Invitation to the Industry

With no doubt, ENDO 2017 made history in highlighting Endoscopy as a complex and relevant body of knowledge for the international community. The meeting in Hyderabad, India paved the way for the 2nd World Congress of GI Endoscopy and it is our pleasure to welcome and invite you to support this new endeavor.

ENDO 2020 will be held on March 7 – 10, 2020 in Rio de Janeiro, Brazil, one of the largest economic and cultural centers of South America. We expect more than 5,000 participants in a meeting that represents an unique opportunity for our corporate partners to learn about current needs in the region and explore new opportunities for development.

We are also very glad to announce that the World Endoscopy Organization (WEO) has joined forces with the Brazilian Society of Digestive Endoscopy (SOBED) to organize and host the second edition of this international meeting. The Interamerican Society of Endoscopy (SIED) will also support ENDO 2020 as collaborating partner.

For the past decades, Latin America has endeavored to drive economic dynamism and innovation to improve the general quality of life and promote environmental sustainability. However, despite all efforts, there still presides a high degree of inequality. It is difficult to access specialized education and the lack of infrastructure and quality healthcare are also of great concern. Obesity and an increase in cancer amongst the most vulnerable population are equally challenging issues.

The international speakers at ENDO 2020 will address relevant local and global topics related to Gastroenterology, Hepatology and Oncology from the endoscopist's point of view. An important highlight is the live endoscopy demonstrations held during three days of the congress. A comprehensive and interdisciplinary Learning Center for hands-on training will also be offered. ENDO 2020 will feature over 25 specialized symposia.

Join us and be part of the 2nd World Congress of GI Endoscopy, ENDO 2020 to continue putting the future of Endoscopy in focus.

Jean-Francois Rey
WEO President

Flávio Hayato Ejima
SOBED President

RETROSPECTIVE

THE 1ST WORLD CONGRESS OF GI ENDOSCOPY, ENDO 2017

In 2014, the WEO Executive Committee chaired by Dr Nageshwar D. Reddy decided that it was time to address the growing need of a specific meeting framework for endoscopy. The 1st World Congress of GI Endoscopy, ENDO 2017, took place in Hyderabad, India. During three and a half days and with the attendance of more than 3,500 delegates from 78 countries worldwide, ENDO 2017 was very successful in responding to the increased need of specialized training and attracting contributors from the Asia-Pacific countries.

The robust scientific program with participation of 234 faculty members and support of 10 major endoscopy societies was key to the success of ENDO 2017. Parallel scientific sessions, comprehensive hands-on training and three days of live endoscopy sessions with over 52 cutting-edge procedures were performed and assisted by 70 world renowned experts.

The Rio de Janeiro experience

Rio de Janeiro is ENDO 2020's host city and is located in the heart of the Southeast Region of Brazil which concentrates 60% of the country's GDP. A cosmopolitan metropolis, known worldwide for its beauty and natural resources, the city provides its residents and visitors a smooth and pleasant ambience for leisure and work. Combined with its infrastructure, this makes Rio de Janeiro an important center of commerce and services. In fact, the city concentrates today much of the Brazilian economy, with leading sectors settling after the privatization process, with particular growth in the petrochemical, oil, fixed and mobile telephony, automotive industry and wide range of services.

Occupying an area of 1,261 km², with a population of 6,320,446 (according to IBGE - Census 2010), the city of Rio de Janeiro is recognized as one of Brazil's most attractive features, offering world famous charm and hospitality.

According to the International Congress and Convention Association - ICCA, Rio de Janeiro is in second place in the ranking of the most popular cities for holding international conferences in the Americas. What determines this result? A well integrated transport network connected with a first class international airport is crucial. Rio's airport is in fact able to receive regular or exclusive flights and charters from around the world with no overhead and is located at a distance of less than 20 minutes from main hotels and convention centers.

The city, with nearly 500 years of history, keeps its cultural treasures as capital of the Portuguese empire and later as the republic capital. Its museums hold an enviable collection which is part of today's major exhibitions script. Its theaters and concert halls are listed in the agendas of major orchestras and ballet companies.

Rio is a green city that without interrupting progress and growth, has preserved its natural unique characteristics: a coastline of over 90 km of beaches, the biggest urban forest in the world and an unparalleled integration with the city.

About the congress

CONGRESS OVERVIEW

Date	March 7-10, 2020
Location	Rio de Janeiro, Brazil
Venue	Windsor Convention & Expo Center
Nr. of Participants	5,000 (estimated)
Faculty	150 faculty members
Exhibition	2000 m ² of exhibition space available
Format	3-and-half days of live demonstrations, scientific lectures, postgraduate program, nurses' track, learning area, posters & exhibition, with focus on interaction between participants and experts
Official language	English, with translation available to selected sessions (Portuguese and Spanish)

Kayasseh, Azzam	Middle-East & Africa
Kitano, Seigo	Asia Pacific
Zhao, Qiu	China

Scientific information

THE ENDO 2020 COMPREHENSIVE PROGRAM

Below is a short description of the structure and goals of the different sessions that constitute the congress' scientific program.

Postgraduate Course

Sessions in the Postgraduate Course cater especially to the needs of the up-and-coming generation. Accordingly, all activities focus on the challenges faced by recent graduates. The themes are highly relevant for tomorrow's experts, preparing them to become leaders in the field of endoscopy.

Nurses Course

A meeting for GI nurses and technicians, to be organized in collaboration with local partners, that will address relevant topics such as sedation and patient preparation.

Honorary Lectures

Honorary Lectures will convene live demonstrations and will present the highly prestigious Named Lectureships of the World Endoscopy Organization zones: A-PSDE (Sadatoka Tasaka Honorary Lecture), ESGE (François Moutier Honorary Lecture) and SIED (Rudolf Schindler Honorary Lecture). These are distinguished lectures, delivered by luminaries in the field of GI Endoscopy and gastroenterology. The seminal orations may well have an impact on our daily practice, or alternatively, point to new areas of research. These lectures are certainly a highlight of the congress.

Live Demonstration

Real-life viewing of endoscopic procedures is an important teaching tool. Top international experts demonstrate both basic and cutting-edge techniques. Broadcasts from Brazil and India with the cooperation of Sociedade Brasileira de Endoscopia Digestiva (SOBED) and the Asian Institute of Gastroenterology, the live demonstration sessions at ENDO 2020 showcase the best and most instructive procedures, performed by the world's greatest experts. How it works? Through an audio link with the hospital, the audience can pose questions during procedures and become involved, almost as if they were performing the procedures themselves. These sessions have proven to be amongst the most popular at WEO's previous congress, ENDO 2017.

Symposia

During two years, the ENDO 2020 scientific committee, composed of most renowned world experts, worked closely together to consider all aspects of endoscopy and then pruned the selection down to create a program with the most innovative and significant themes in endoscopy today.

Society Symposia

Each partnering society has the opportunity to present regional challenges and recent developments in these individual symposia which are developed as a collaboration between the society and the ENDO 2020 scientific committee

Learning Center

The Learning Center offers different educational formats for both experts and beginners to enhance their skills. There are three separate sections: the hands-on training area where participants can train their skills, the small lecture theater where an expert covers a topic in an intimate interactive setting, and the DVD stations, showcasing the latest clinical cases and techniques.

Breakfast with the Experts

Experts cover latest trends and topics in detail. In an intimate and interactive setting, they will allow open discussion among participants.

Industry Symposia

Corporate Partners are invited to sponsor luncheon symposia. Each symposium is under the responsibility of the company sponsoring the session and a great opportunity to connect directly with the audience. Content should be submitted and approved by the scientific committee.

Video Marathon

During this session short videos showing examples of new, unexpected, or exceptional cases are shown, with commentary from a panel of experts.

Program at a Glance

ENDO 2020 PROGRAM AT A GLANCE*

Pricing structure for delegates

DELEGATES REGISTRATION FEES

Participant Fee (In USD)	Before 15 August 2019 (Early Bird)	Before 15 October 2019	After 15 October 2019	Onsite registration
WEO and SOBED member	150	220	300	450
SIED member	200	270	370	520
Regular delegate	250	350	450	600
Fellow, nurse & technician	100	140	160	180
Student	70	100	120	150

GROUP REGISTRATION FEES

Group registration can be requested to the contact information for sponsors. With a minimum purchase of 20 vouchers for registration and full pre-payment by August 2019, companies can take advantage of the early registration fees. Delegate names have to be submitted by October 2019.

Group registrations	Discount before 15 August 2019
5 - 20 registrations	5%
21 - 30 registrations	7%
> 30 registrations	10%

REGISTRATION INCLUDES

- Admission to all scientific sessions
- Admission to poster exhibition and technical exhibition
- Admission to the WEO Learning Center
- Admission to the Postgraduate Course
- Congress materials

Sponsorship packages

SPONSORSHIP OVERVIEW

Amount (in USD, excluding taxes)

Sponsorship categories	Amount (in USD, excluding taxes)
Platinum	\$250,000.00
Gold	\$200,000.00 - \$249,000.00
Silver	\$150,000.00 - \$199,000.00
Standard	\$50,000.00 - \$149,000.00
Exhibitors	<\$50,000 (please go to p. 18 for additional information)
Single opportunities	<\$50,000 (please go to p. 15 to see detailed list of sponsorship opportunities)

PLEASE NOTE:

- If the sponsor pays registration fees for invited participants, in addition to the registrations included in the sponsorship package, such fees cannot be set off against the sponsorship amount. This applies for all categories of sponsoring partners. Registration fees must be paid separately in all cases
- After September 2019, single sponsorship items will be treated on a first-come, first-served basis

PLATINUM SPONSOR

Platinum sponsors will be given first choice and within the category will be treated on a first-come, first-serve basis. They will be given priority in their selection from the list of sponsorship options up until February 2019. They will also enjoy the following benefits:

- Participation and major visibility during the live demonstration sessions
- Choice of one Industry Sponsored Symposium, theme/topics subject to ENDO 2020 Scientific Committee approval
- Priority choice of a block hotel booking
- Booth space of 54 m²
- Priority choice of exhibition space
- Named as Platinum sponsor in all congress publications, website and at the venue
- Use of the official congress logo with designation of Platinum sponsor for advertising
- Display of three company advertising posters on congress venue
- 10 full congress registrations
- Five participants at Presidential Dinner
- 15 exhibitor passes. Extra passes will be charged according to price listed in section "Exhibition"

Single sponsorship opportunities

GOLD SPONSOR

Gold sponsors will be given second choice and within the category will be treated on a first-come, first-serve basis. Gold sponsors will be given priority in their selection from the list of sponsorship options up until April 2019. They will also enjoy the following benefits:

- Participation and major visibility during the live demonstration sessions
- 30% of discount when deciding for an Industry Sponsored Symposium and preferred choice of date after the Platinum sponsors have made their selection. Theme/topics are subject to ENDO 2020 Scientific Committee approval
- Priority choice of a block hotel booking
- Booth space 48m²
- Priority choice of exhibition space
- Named as Gold sponsor in all congress publications, website and at the venue
- Use of the official congress logo with designation of Gold sponsor for advertising
- Display of three company advertising posters on congress venue
- Five full congress registrations
- Three participants at Presidential Dinner
- 10 exhibitor passes. Extra passes will be charged according to price listed in section "Exhibition"

SILVER SPONSOR

Silver sponsors will be given priority in their selection from the list of sponsorship options until June 2019, bearing in mind that Platinum have first choice and Gold Sponsors second choice. Within the category, Silver sponsors will be treated on a first-come, first-served basis and will enjoy the following additional benefits:

- Participation in the live demonstration sessions
- 20% of discount when deciding for an Industry Sponsored Symposium and preferred choice of date after the Gold sponsors have made their selection. Theme/topics are subject to ENDO 2020 Scientific Committee approval
- Priority choice of block hotel booking, after Gold sponsors have made their selection
- Priority choice of exhibition space at the venue after Gold sponsors have made their selection
- Booth space of 28 m²
- Named as Silver Sponsor in all congress publications, website and at the venue
- Use of the official congress logo with designation of Silver Sponsor for advertising
- Display of three company advertising posters on congress venue
- Two full congress registrations
- One participant at Faculty Dinner
- Three exhibitor passes. Extra passes will be charged according to price listed on section "Exhibition"

STANDARD SPONSOR

Standard Sponsors have fourth choice, bearing in mind that Platinum Sponsors have first choice until February 2019, Gold Sponsors until April 2019 and Silver Sponsors until June 2019. Standard Sponsors will be treated on a first-come, first-served basis. Within the category, Standard Sponsors enjoy the following benefits:

- Priority choice of block hotel booking after Silver sponsors have made their selection
- Priority choice of exhibition space at the venue after Silver sponsors have made their selection
- Named as Standard Sponsor in all congress publications, website and at the venue
- Booth space of 9 m²
- Use of the official congress logo with designation of Standard Sponsor for advertising
- Display of one company advertising posters on congress venue
- Two participants at Faculty Dinner
- Three exhibitor passes. Extra passes will be charged according to price listed on section "Exhibition"

1. INDUSTRY LUNCHEON SYMPOSIA

USD 60,000

Time slots for Industry Symposia have been reserved in the official program. They are organized by the sponsor in consultation with the ENDO 2020 Scientific Committee. Industry Symposia will be held from Saturday to Monday as follows:

Industry Luncheon Symposia (6 slots each day)	Saturday, March 7	Sunday, March 8	Monday, March 9
Industry Luncheon Symposium	12:30 - 13:30*	12:30 - 13:30*	12:30 - 13:30*

*Exact time to be confirmed.

The price includes the following benefits:

- Provision of a meeting room.
- Supply of basic technical equipment in the room
- Publishing of symposium program and inclusion of name of sponsor in the final congress program and online at the congress website
- Sponsors may print 3 posters/banners or have electronic advertising for the symposium and display these on the venue on the day prior to the symposium until after the symposium (production costs will be covered by the sponsors)
- Sponsors may publish their program, abstracts and proceedings themselves
- Not included: Travel expenses for speakers, hotel accommodation and congress registration for speakers at the symposium, expenses for food and beverage to the attendees

2. FACULTY DINNER

USD 50,000

The faculty dinner will be held on Saturday, March 7. The price includes the following benefits:

- Branding rights on the dinner halls
- Eight tickets to the dinner
- Possibility of 5 min presentation/speech during dinner, by Sponsor

3. HANDS-ON TRAINING AT LEARNING CENTER

information on request

4. PRINTED ITEMS FOR THE CONGRESS

All sponsors will be mentioned on the back cover of the program

a. Full page advert on an inside page	USD 5,000
b. Half page sponsor's advert on an inside page	USD 2,500
c. Bookmark for Final Program (exclusive)	USD 8,000
d. USB-Stick containing abstracts (exclusive), per piece:	USD 15
e. Writing pads and pens (supplied by sponsor)	USD 5,000
f. Advertising space in Exhibition Hall Floor map	USD 2,500
g. Supplement in congress bags	USD 5,000

Supplement content to be approved by ENDO 2020 scientific committee (Max. 4 pages A5 or double-sided A4 leaflet, per supplement)

5. DIGITAL ITEMS FOR THE CONGRESS

a. ENDO 2020 Smartphone App (exclusive)	USD 20,000
The Smartphone App is free for congress participants and provides iPhone/iPad, Android and other Smartphone users access to all congress information. The company banner or logo would appear in the mobile program, at the start of the app	
b. Banner or logo in Wi-Fi Zone (exclusive)	USD 20,000
As participants connect to the venues wireless network in order to access the Internet, the Wi-Fi Zone's sponsor can decide on the key and link needed for the attendees to access the internet. Sponsor can use the password selection to promote the name of the company or of their products.	
c. Banner in the webpage of the event	
Sponsors have the possibility of promoting their company and/or products on the congress website www.endo-2020.org.	
I. Comprehensive package	USD 9,000
Company's logo with a link to website on the first entry page of the website. Link will be visible before and during the congress. Links can also direct to satellite symposia. Additional logo and link on the sponsor and exhibitors page.	
II. Light package	USD 1,500
Quick link in program section of the congress website to promote your satellite symposia.	

6. SPONSORED ITEMS AT THE CONGRESS VENUE

a. Company hospitality suite	USD 5,000
b. Company welcome desk	USD 8,000
Located next to the registration desk, companies have the possibility to welcome their groups and distribute materials	
c. Speakers Lounge	USD 8,000
Display your company logo and give-aways within the lounge. No product placement, no scientific content.	
d. Information booth	USD 5,000
Distributing information on the congress program, exhibition and lecture halls located at the entrance of the congress venue	
e. Visibility wall/signage	USD 5,000
f. Advertising on stairs	USD 15,000
<i>Company meeting room for up to 20 persons available upon request (no product placement, no scientific content)</i>	

7. OTHER ITEMS AT THE CONGRESS VENUE

a. Data and video projection, per meeting room	USD 2,000
b. Information and advertising board	USD 1,000
Per board per day	

During ENDO 2020, congress-related information will be shown in a fixed rotating schedule on several screens spread throughout the venue. This ranges from social event information to currently running presentations to last-minute program changes.

PRICE OVERVIEW

Sponsorship item	Details	Price (in USD excl. taxes)
Industry Luncheon Symposia		60,000
Faculty Dinner	Exclusive	50,000
Hands-On training	Exclusive	Information on request
Full page ad in final program	Inside	5,000
Half-page ad in final program	Inside	2,500
Bookmark	Exclusive	8,000
USB-Stick or CD ROM	Exclusive, per piece	15
Writing pads & pens		5,000
ENDO 2020 Smartphone App	Exclusive	20,000
Banner or logo in Wi-Fi Zone	Exclusive	20,000
Website comprehensive pack		9,000
Website light pack		1,500
Company Hospitality suite		5,000
Company welcome desk		8,000
Speakers Lounge		8,000
Information booth		5,000
Visibility wall/signage		5,000
Advertising on stairs		15,000
Data and video projection	Per meeting room	2,000
Information advertising board	Per board, per day	1,000
Supplement in congress bags		5,000
Additional sqm for booth	At exhibition	1,500
Additional exhibitor badge		50

CONTRACTS

Sponsors are invited to provide two types of support:

- A selection of promotional opportunities aimed at increasing the visibility of supporting companies
- Philanthropic donations to go toward the fulfilment of the congress

THE VENUE

The Windsor Convention & Expo Center is located just a few steps from the beautiful Barra da Tijuca, the most extensive beach in Rio de Janeiro. Parks, nature reserves, shopping malls, concert halls and a vibrant nightlife surround the modern neighborhood. The ENDO 2020 venue offers the convenience of a purpose designed convention facilities, excellent accommodation choices in a location nestled between the sea and the mountains of Tijuca Forest.

PRACTICAL INFORMATION

Climate: The Rio de Janeiro is a subtropical city. The summer runs from December to March with temperatures ranging from 25 ° C (77 ° F) to 42 ° C (108 ° F); winter is from June to August, the temperature around 20 ° C (68 ° F) day, 16 ° C (60 ° F) at night.

Business hours: Most offices open from 09:00 to 18:00h Monday to Friday and from 09:00 to 13:00h on Saturdays. Most major shopping centers such as the South River and the Barrashopping open Monday to Saturday from 10:00 to 22:00h and on Sundays from 15:00 to 21:00h. Rio has several convenience stores open 24 hours / day. Banks are open Monday through Friday from 10:00 to 16:00h.

ACCESIBILITY

- Tom Jobim International Airport, located on Governor's Island is easily accessible by modern highways, the center and the south of the city, where the major hotels are found. Twenty-six international airlines and all Brazilian airlines operate from this airport.
- The Santos Dumont Airport, located in the city center offers regional flights linking the main cities of Brazil, business jets and smaller aircraft.
- An excellent taxi service and bus service links the airport to the main hotels and residential areas.

International Airport of Rio de Janeiro - Galeao - Antonio Carlos Jobim		Domestic- airport Santos Dumont
